Entry Categories

- Single Operator
 - High power (150 W or more)
 - Low power (<150 W)
 - QRP (5 W or less)

New Jersey QSO Party Rules

- Multi-operator
 - High power (150W or more)
 - Low power (<150 W)
 - QRP (5 W or less))
- Mobile/Rover/Portable
 - Low power (<150 W)
 - QRP (5 W or less)
 - NJ stations, operating in more than one NJ county, must append a slash and the county abbreviation to their call.
 - Non-NJ stations, operating in more than one state or province, should append a slash and their state or province abbreviation to their call.
 - Mobile or portable stations that change geographic area (county for NJ stations or S/P/DX for others) are considered to be a new station and may be contacted again for QSO points and multiplier credit. No station may claim simultaneous operation in more than one county, state, or province.
- Rookie
 - Licensed within 1 year of date of the NJQP.
 - Rookie operators should select "Rookie" in the overlay category.
- Remote Station
 - Remote station is defined by the location of the transmitter and receiver.
 - For example, if the transmitter and receiver are in NJ then it is an in-NJ station, regardless of where the operator is located. If the transmitter and receiver are out of NJ then it is an out-of-NJ station, again regardless of operator location.

Modes

- CW, Digital and Phone.
- No repeater or internet modes.

NJ Club Aggregate Score

- Entrants should specify which ARRL affiliated NJ based club, if any, to which they wish their score to be attributed.
- Must be a bona-fide member in good standing of said club.

Exchange

- NJ Stations RS(T) and county ([see list of county abbreviations](#)).
- Out of NJ stations RS(T) and state/province/ DX ([see list of abbreviations](#)).
- All DX stations use DX.

Scoring

- The same station may be contacted on CW and Phone on each band.
- Rover stations may be contacted in each county, state, province, or country.
- **QSO score** = two points per valid CW QSO plus one point per valid phone QSO times the number of multipliers.
- **Power Multiplier**
 - High power (150 watts or more) = 1
 - Low power (< 150 watts) = 2
 - QRP (5 watts or less) = 4

NOTE: The power multiplier is for the highest power used for any NJQP QSO. QRP station must be 5 watts or less at all times during the NJQP.

- Final score = QSO score X Power Multiplier.

Multipliers

- NJ Stations: NJ Counties (21) + States (49 not NJ) + Canadian Provinces (13) + DX (1) for a maximum of 84. ([NJ Station multipliers](#))
- Out of NJ Stations: NJ Counties (21). ([Non-NJ Station multipliers](#))
